

### IN THE SPECIFICATION

Please amend the specification as follows:

Replace the equation term definitions at page 21, lines 14-18 with the following:

$N_{new}$  - New number of legs. ~~Device width in schematics before resizing.~~

$W_{old}$  - Device width ~~in schematics~~ before resizing.

$N_{old}$  - Old number of legs. ~~Number of legs realizing this device in source layout.~~

$f$  - Upsize factor

$W_m$  - Maximal leg size in new layout ~~we wish to occur due to re-legging.~~
